REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the instant application is deemed to be directed to a nonobvious improvement over the invention patented in US Patent 5,869,837. The improvement comprises in combination with other recited elements, that the difference between the fourth voltage and the reset transistor threshold voltage is smaller than the difference between the second voltage and the read transistor threshold voltage and that any excessive electric charge is discharged by way of the thin film reset transistors in each storage period.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
